To Mayor Al MacNevin
And council members
Town of Northeastern Manitoulin and the Islands

I am writing you today to request permission from the town and Council of NEMI for the placement of a 40' Sea container to be placed in an area determined by the town and public works on the public works garage (Little Current) property.

The sea container will be purchased and maintained by Manitoulin Health Centre Corporation and is to be utilized to store emergency response equipment and supplies for the purpose of deployment to any area on Manitoulin Island requiring additional aid due to a medical outbreak or pandemic.

In short, we intend to use the container to store the equipment currently set up in the field hospital at the Recreation Centre.

Manitoulin Health Centre is prepared to sign any agreements and liability documents required to facilitate this request.

We would also like to take this moment to thank the Town of NEMI and it's council for their on-going support during the covid-19 pandemic. We could not have done it without you.

Sincerely

Subject: Residential Water Line

Good afternoon Jan,

As discussed, you do not require NRF authorization to install a water line from the lake for residential purposes. O. Reg. 161/17 states:

Heat loops and water intake pipes

20. A person is authorized to occupy public lands under section 21.1 of the Act for the purpose of erecting, placing or using a heat loop or water intake pipes near or partially on waterfront property only if the following conditions are met:

- 1. The person owns or occupies the waterfront property.*
- 2. The heat loop crosses, or the water intake pipes cross, one of the following locations:*
 - i. Any part of the boundary between the waterfront property and the lake, river, stream or pond in which the heat loop is placed or the water*

intake pipes are placed.

ii. The road allowance or the strip of public lands that separates the waterfront property from the lake, river, stream or pond, at a location that, if the sidelines of the waterfront property were extended in a straight line to the water's edge, lies between those extended sidelines.

3. In the case of a heat loop or a water intake pipe that crosses a road allowance:

i. The heat loop or water intake pipe may obstruct the entire road allowance where the road allowance is not used for public travel by pedestrians or vehicles.

ii. The heat loop or water intake pipe must be erected or placed in a manner that does not obstruct the travelled portion of the road allowance if the road allowance is used for public travel by pedestrians or vehicles.

4. The heat loop is used, or the water intake pipes are used, solely for the purpose of supplying water to buildings situated on the waterfront property that are used in connection with a private residence. O. Reg. 161/17, s. 20; O. Reg. 453/19, s. 6

Under O. REG. 239/13, dredging does not include the purpose of installing water intakes for private residences. Therefore, a work permit and occupation authority are not required to install a residential water intake line.

"dredge" means to remove or displace material from any shore lands, but does not include the removal or displacement of material for the purpose of installing service cables, heat loops or water intakes for private residences; ("dragger")

Requirements from other agencies such as the Department of Fisheries and Oceans, the Conservation Authority, if applicable, etc. may still be required.

If you have any questions please let me know.

Northern Ontario Transportation Task Force

March 3rd, 2022

To: Heads of Councils, their Council colleagues, and Senior Municipal Staff

In January, I was pleased to hear Minister Mulroney announce the Northern Ontario Transportation Task Force (NOTTF).

During our initial discussions with ministry staff regarding the Task Force, I stressed the importance of these discussions, be held in the North by people of the North. Minister Mulroney heard this message, and in appointing Mayor Landry, Chair of the Northwestern Ontario Municipal Association, and myself as President of The Federation of Northern Ontario Municipalities, the Minister ensured all northern Ontario municipalities have the opportunity to participate and provide input.

Several northern Ontario municipalities have their respective associations, and every district association in the northeast has a FONOM Board member representing their interests. Further, our largest municipalities in the northeast, North Bay, Timmins, Sudbury, and Sault Ste. Marie have a FONOM representative and district representative available to gather their input.

The NOTTF will also be contacting many local transportation experts within our membership area to provide their input and expertise to the task force.

I encourage all municipal councils, airport boards, transportation committees to reach out in writing to your FONOM Board members or directly to our FONOM office with your concerns about our suggestions for the NOTTF.

I also ask our municipal membership to reach out to their local road safety coalitions, school safety groups, and other interested parties to make them aware of the opportunity to provide input.

Please provide all submissions to fonom.info@gmail.com , which will be provided to me, and I will present to the entire task force membership. To share thoughts with the Ministry please send submissions to NorthernTransportationPlan@ontario.ca

Sincerely,

Danny Whalen

BUSINESS ARISING FROM LAST MEETING

INTRODUCTIONS:

Al BOYD started the meeting by welcoming all members to another Zoom meeting to Insp MORIARITY and all councilors, Tom SASVARI Manitoulin Expositor all acknowledged with no regrets.

BUSSINESS ARISING

PROJECT LIFESAVER

At last, CPAC meeting Constable KASCH introduced a new OPP program called Project Lifesaver which involves a tracking system where a person that is registered with the program wears a wrist band device that emits a FM radio frequency should someone go wandering off suffering from Alzheimer's or some type of dementia.

A PowerPoint presentation was shown at the last meeting explaining the program and what a benefit it is to search and rescue teams with the OPP. The OPP is looking for an organization to administer the program and the costs are from \$14000.00 to \$16000.00 and a cost of \$600.00 per wrist band.

At the last meeting the main concern by all members at CPAC was the administration of the program and finding an organization or persons to handle this.

Al BOYD was pleased to announce that Manitoulin North Shore Victim Services discussed and explored the program and have agreed to take on the administration, registration, and distribution of Project Lifesaver. Al BOYD explained that other Victim Services agencies in the province have taken this on and this is a perfect fit as the Victim Services Officer is in the OPP Detachment and there will be constant contact with the police.

Insp MORIARITY wish to thank Victim services for their efforts and taking this on and was very pleased with the results. Al BOYD advised the Inspector that the municipalities did receive a letter from Constable KASCH about the program and send a copy of the PowerPoint Presentation however no mention regarding any donation amounts. Referring to NEMI our Mayor and Council would require a copy of a budget and how donations across the island would be asked for before any consideration could be made. The Inspector advised she would speak with Constable KASCH.

Discussion about a joint media release from the OPP and Victim Services would be drafted shortly to advise the public about the program and benefit to the communities it will serve.

NEW BUSINESS

POA COURT COSTINGS

This topic was brought to the attention of Al BOYD from a member of the POA board to make CPAC aware of the issues around to continuing cost of running the POA Court on Manitoulin and that each municipality must pay costs relating to the deficit experienced since the start of Covid-19. A PowerPoint presentation was distributed to all members of CPAC. AL BOYD asked members Bryan BARKER and Rick GORDON to speak to the matter as both CPAC members also sit on the POA Board

Many concerns were raised from early resolutions, delays in getting matters heard. Closure of POA court at times due to Covid. Also, some of the public putting off court cases which prolongs the process this costing more. All these issues are concerns and the cost is high to maintain this program.

It was discussed as things return to normal then hopefully it will balance out and costing levels will return to normal. Talks of doing away with early resolutions to opting out of the program were being looked at and considered. However, these might not be possible as who would take on the program unless an independent agency, but this could lead to higher costs.

Insp MORIARITY advised she was concerned and thanked CPAC with sharing this information she had concerns of doing away with early resolution. This would mean more trials and having officers attend court many on overtime being costed back to municipality could lead to higher costs.

She did advise that the last few months were difficult for regular enforcement as many of her officers were called away to Ottawa to deal with the protest there but reassured that the Provincial Gov't were covering those costs and would not be costed back to municipalities. Also, officers have been busy with serious criminal occurrences on the island.

Al BOYD made the committed aware of what NEMI Council has done in making a resolution in a petition to the provincial government to fund the POA courts. It was passed by NEMI council and a delegation from NEMI is heading to the OGRA Conference in Toronto in April and hopefully we will meet with the Minister to discuss this issue. A copy of the resolution was handed out to each CPAC member to take back to their councils for discussion. Also, the MMA will be addressing this issue at their next meeting.

OPP Detachment Commanders Comments:

Insp MORIARITY asked if anyone had any questions about the RMS reports, nothing heard.

The Inspector advised it has been busy as officers were sent to Ottawa to deal with the protest while others stayed back to police the area. She was very proud of the officer's foe stepping up to the plate and doing an excellent job in maintaining the safety of the people on Manitoulin. As mentioned, this protest operation would not affect local municipalities in costing as it was all costed back to the provincial government.

The Inspector advised that those 2 new recruits have arrived one for Manitoulin and one for Espanola area. 4 new recruits are just attending the police college now and will arrive in the

spring May, June time 2 more for Manitoulin and 2 more for Espanola North shore. BY summer we will be back at full staffing levels.

Rick GORDON commented that we wanted to say the OPP did an amazing job at the Ottawa protest were very professional and kept their cool during a very difficult time. The Inspector thanked him for his acknowledgement and would pass that on to her officers.

ROUND TABLE

AL BOYD – NEMI - Nothing to report all quiet. Shared discussion we had about the concerns from the Georgian Bay Association in relation to people buying barges and setting up makeshift cottages with sea containers on these barges and parking them on the water near crown land or islands and using this as summer cottage location.

Rick GORDON - Tehkummah – All quiet nothing to report. Like other municipalities they will be enforcing their new trailer by-law.

Wayne BAILEY – Burpee/Mills – All quiet but will be enforcing new trailer by-law

Bryan BARKER – Billings – Nothing to report all quiet. He wanted to express his appreciation for the work done by the officers for the Ottawa protest.

Dave MCDOWELL – Assiginack – All is quiet in his municipality. He mentioned the masking enforcement. Trailer by-law enforcement and that they just hired a new by-law enforcement officer.

John TURNER – Gordon/Barrie Island – Nothing to report all quiet.

Jack CLARK - Gore Bay – Nothing to report all quiet.

Steve SHAFFER – Central Manitoulin – Advised that the Pearson Cup Baseball Tournament will be taking place in June 2022. Also, that his community is on edge with the recent Break & enters to ice shacks in his area and the mailbox entries at the post office in Mindemoya. Lots of social media comments are being spread and concerns of policing levels, loss of police detachment in community etc. He is not concerned with any lack of policing, but the big city problems seemed to be coming to Manitoulin.

Insp MORIARITY responded that staffing levels were not affected by the major events going on. With the increase in drug related concerns the street crime unit had been increased and the OPP will be looking into these concerns.

MEETING AJOURNED

Meeting was adjourned at 8:38 pm

Whereas the Town of Gore Bay on behalf of the Board of Management known as the District of Manitoulin Provincial Offences Act (POA) Management Board has entered into an agreement with the Attorney General of Ontario to oversee the administration and prosecution relating to proceedings commenced under Parts I and II of the POA Act and the administration of Part III;

And whereas the cost of providing the service has outpaced the revenue generated from the services provided;

And whereas downward trends occurring in the balance between revenue and expenses stem from ongoing systemic issues in the tickets and court processes that were becoming evident prior to the advent of COVID-19 issues;

And whereas the administration and prosecution of Provincial Offences is a Provincial responsibility that should not be subsidized by the municipalities through local property taxation;

Now therefore be it resolved that the Municipality of _____ petitions the Province of Ontario to adequately fund the operation the POA and reimburse the Board of Management for current and past deficits.

March 3, 2022

Dear Inspector Moriarity,

The Manitoulin Island Cycling Advocates .{MICA} have anxiously awaited for the opportunity to safely offer our annual Manitoulin Passage Ride. The Pandemic of the last 2 years has prevented this very popular ride from taking place. Now, that the province is lifting restrictions and mandates we feel it is safe to once again offer this well attended ride.

We are pleased to inform you the **10TH Annual Manitoulin Passage Ride**

will take place on June 4 & 5, 2022

Commencing in Little Current and proceeding through many of the townships of Manitoulin Island culminating back in Little Current on Saturday night. The Ride resumes on June 5 and all riders will set out between 8.30 & 9.00 am and then return to Little Current.

This year we are expecting about 250 cyclists for this event.

The scheduled times that riders will be on the roads are:

Sat June 4, 2022 9:00 am – 6.00 pm

Sun June 5, 2022 8:30 am – 5:00 pm

It is very reassuring to see our local Police supporting active living and we

look forward to continued partnership in community awareness of safe cycling.

MICA is required to inform you that this event will be taking place on the above mentioned weekend in accordance with MTO policy.
