**BY-LAW NO. 2026-21**

Being a by-law of the Corporation of the Town of Northeastern Manitoulin and the Islands to adopt the minutes of Council for the term commencing November 15, 2022 and authorizing the taking of any action authorized therein and thereby.

WHEREAS the Municipal Act, S.O. 2001, c. 25. s. 5 (3) requires a Municipal Council to exercise its powers by by-law, except where otherwise provided;

AND WHEREAS in many cases, action which is taken or authorized to be taken by a Council or a Committee of Council does not lend itself to an individual by-law;

NOW THEREFORE THE COUNCIL OF THE CORPORATION OF THE TOWN OF NORTHEASTERN MANITOULIN AND THE ISLANDS ENACTS AS FOLLOWS:

1. THAT the minutes of the meetings of the Council of the Corporation of the Town of Northeastern Manitoulin and the Islands for the term commencing November 15, 2022

Carried

**Resolution No. 99-04-2026**

Moved by: B. Wood

Seconded by: M. Erskine

Whereas the Town of Northeastern Manitoulin and the Islands and the Manitoulin Island experienced one of the hardest winters with the highest levels of snow fall in recent years and;

Whereas majority of the Manitoulin Island suffered from some level of flooding during the week of April 13, 2026 due to a heavy rain fall and snow melt and;

Whereas the Sandfield Dam was not opened until during or shortly after the main event had taken place, therefor affecting a large number of communities, houses, businesses and roads;

BE IT RESOLVED that the Council of the Town of Northeastern Manitoulin and the Islands urges the MNR to be more mindful of potential future weather conditions and open the dam earlier in the spring in order to ensure that the added volumes of released water do not add to the spring melt conditions and contribute to flooding.

Carried

**Resolution No. 100-04-2026**

Moved by: G. Williamson

Seconded by: D. Orr

RESOLVED THAT the Council of the Corporation of the Town of Northeastern Manitoulin and the Islands does now adjourn at 7:47 pm.

Project: Application for Consent  
File #: Con 2026-02  
Owner: Craig and Kelly Timmermans  
Legal: Howland Township, Concession 12, Lot 21 31R4280  
Part 1

#### **PURPOSE OF THE APPLICATION**

Purpose of this application is for the creation of a new building lot – the plot of land in question does currently have a home on it and the intention is to sever this land and have it transferred into the home owners name.

#### **CONSENT IS REQUIRED FOR THE FOLLOWING:**

Consent is required due to the Owner wishing to transfer ownership.

#### **Official Plan**

Designation –Rural

#### **Zoning**

Designation – Rural

#### **Comments from agencies**

No comments were received from outside Ministries

#### **Comments from the Public**

No comments were received

#### **When Considering Approval, we should consider:**

##### **A. Consents**

A consent shall only be considered where a plan of subdivision is deemed to be unnecessary, where the application conforms with the policies of this Plan, is consistent with the Provincial Policy Statement, and the consent will generally not result in the creation of more than five new lots on a lot that existed prior to the date of adoption of this Plan, and it does not necessitate the creation of a new municipal road, or the extension of municipal services.

Council shall provide input on municipal conditions of approval for consents.

The proposed lot and retained lot shall have frontage and access on to an opened and maintained public road, or have private road or water access in compliance with the policies of this Plan.

MTO's policy is to allow only one highway entrance for each lot of record fronting onto a provincial highway. MTO will not allow backlots to create a second entrance on the highway. MTO will not support a consent to separate a home-based business from a residential use which would result in separate entrances for the business and residential parcels.

Lots will not be created which would create a traffic hazard due to limited sight lines on curves or grades.

The lot area and frontage of both the lot to be retained and the lot to be severed will be adequate for existing and proposed uses and will allow for the development of a use which is compatible with adjacent uses by providing for sufficient setbacks from neighbouring uses and, where required, the provision of appropriate buffering.

The proposed lot(s) will not restrict the development of other parcels of land, particularly the provision of access to allow the development of remnant parcels in the interior of a block of land.

The proposed development will be serviced in accordance with the policies of Section E.

**Remarks to approval considerations.**

This application does not constitute a need for a subdivision

Park land dedication will not be required.

**Suggested Conditions if Approved** – to be filed within two years of the Notice Decision for certification

A new entrance permit and entrance will be required

Transfer of landform prepared by a solicitor and a schedule to the transfer of landform on which is set out the entire legal description of the parcel,

The applicant must deposit a Reference Plan of Survey in the Land Registry Office clearly delineating the parcels of land approved by The Town of Northeastern Manitoulin and the Islands in this decision and provide the Town Office with two copies.

Prior to final approval by the Town of Northeastern Manitoulin and the Islands, the owner provides confirmation of payment of all outstanding taxes.

**RE: Resolution - Tar and Chip**

---

To Whom it May Concern:

Please be advised that at their Regular Council meeting held April 7, 2026, the Council of the Township of North Huron expressed their support for the resolution of the Town of Northeastern Manitoulin and the Islands in requesting the Ministry of the Environment to reconsider its decision regarding the lighter grade of oil being used on tar and chip road surfaces while taking into account the increased number of applications required, as well as the associated additional time, energy, and financial burden placed on municipalities.

As the Township of North Huron is situated in a rural area of Ontario, the municipality understands the importance of utilizing tar and chip road surfaces within our community. As such, the Township of North Huron encourages the Ministry of the Environment to reconsider its decision to use lighter grades of oil on tar and chip roads within Ontario and research if a heavier grade of oil would last longer and prolong the road without additional maintenance being required.

Should you have any questions, please contact the undersigned.

Good morning,

The Council of the **Township of North Frontenac** at their meeting on April 10, 2026, received a request for support from the Town of Northeastern Manitoulin and the Islands with respect to the use of a lighter grade oil in chip and tar surface treatment and passed the following Resolution;

**Re: Resolution #116-26**

Moved by Councillor Wayne Good

Seconded by Councillor Mike Hage

**Be It Resolved That** Council receives for information the Resolution passed by the Town of Northeastern Manitoulin and the Islands regarding the utilization of chip-and-tar surface treatment on its road network;

**And That** the Council of the Township of North Frontenac supports the request that the Ministry of Environment reconsider its decision regarding the use of lighter grade of oil for environmental considerations, resulting in an increased number of applications required, as well as additional time, energy and financial burden placed on municipalities to resurface roads or develops a better alternative oil;

**And That** this resolution be provided to the Ministry of Environment; the Association of Municipalities of Ontario; the Town of Northeastern Manitoulin; and the Islands and John Jordan, MPP.

**Carried**

If you have any questions or comments, please do not hesitate to contact me.

Thank you and I hope you have a wonderful day!

Marnie

**Subject:** *Tar and Chip*

The Council of the Corporation of the Municipality of Huron Shores passed Resolution #26-08-16 at the Regular Meeting held Wednesday, April 8<sup>th</sup>, 2026, as follows:

"BE IT RESOLVED THAT the Municipality of Huron Shores supports the request of the Town of Northeastern Manitoulin and the Islands that the Ministry of the Environment reconsider the use of lighter-grade oils for chip-and-tar surface treatment, or develop a suitable alternative, in recognition of the reduced durability and increased maintenance costs experienced by municipalities;

AND THAT a copy of this resolution be forwarded to the Ministry of the Environment, the Association of Municipalities of Ontario (AMO), the Federation of Northern Ontario Municipalities (FONOM), Good Roads, the local MPP, and all Ontario municipalities for their awareness and support."

Should you require anything further in order to address the above-noted resolution, please contact the undersigned

Yours truly,
