MANITOULIN SNOWDUSTERS

March 3, 2021

Mayor and Council Town of Northeastern Manitoulin and the Islands

Manitoulin Snowdusters is seeking permission for the use of approximately 20 feet of width of road allowance between Lots 5 & 6 Con 9 Howland Township for the use of a snowmobile trail to get away from Boozeneck Road for safety concerns.

The OPP has requested we try to relocate the trail for safety concerns. This would also get us away from the two 4-plex senior apartment buildings and prevent some riders from going on their lawns.

The west side of the Boozeneck Road is too narrow on a real winter with snow and blowing. If the Town has to high wing the banks back there would be no room to make a trail.

As for seeking permission of road allowance we have spoke to Keith Ashley and he has agreed to let us enter on his property to stay away from Brenda Morphet house and swing back over to the road allowance.

Thank you

Mr. Bond,

This letter is a follow-up to our phone conversation regarding the Ontario Federation of Snowmobile Clubs (OFSC) trail D110, specifically where it crosses the property at 54 Boosneck Road, the current location of the Manitoulin Detachment of the Ontario Provincial Police (OPP).

Should the OFSC seek to continue to cross this property, they would need to make application to Infrastructure Ontario. But should the input of the OPP be sought, as tenants of the property we would not support any renewal of such request due to the inherent danger of snowmobiles crossing the path of police vehicles responding to emergencies.

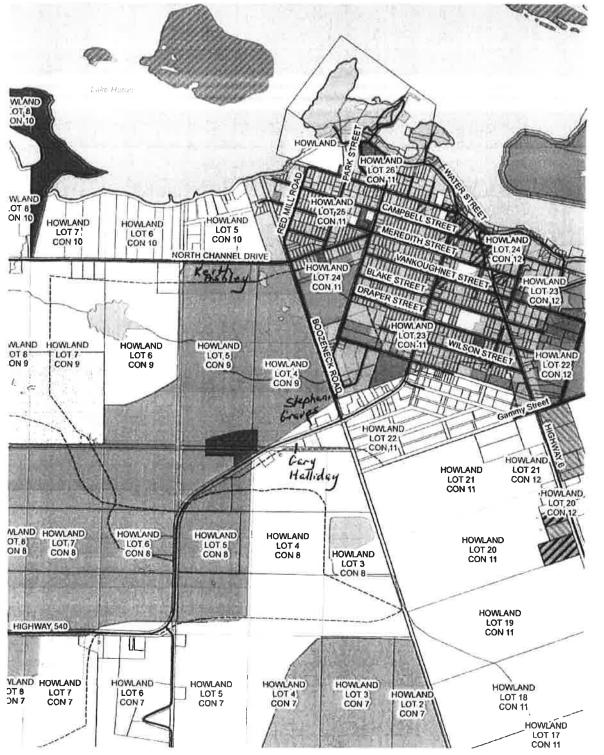

Should you have any questions or any further concerns, you may contact me.

Sincerely,

Inspector Megan Moriarity Detachment Commander

15 2021.docx

Hi Alan and David,

Please find attached a draft proposal to Killarney regarding a coastal protection project that we are launching. I have also attached the committee mandate and a current list of committee members.

It might be best to have a chat about this, so that I can answer any questions and explain the project in more detail. Please note that we anticipate minimal staff time to assist in this project at this time.

I have drafted an application for FedNor funding for a GBA Intern, who would do almost all the work on this project, and discussions to date with FedNor have been positive.

Hope you are both keeping well and you and your families are safe and COVID free.

I look forward to hearing from you. Many thanks **Best Regards** Rupert

Chair

• The President will be the Chair of the Committee.

Membership

- Minimum of 8 members: maximum of 15
- Members: the President, Executive Director, and representatives from the Georgian Bay archipelago* communities to be nominated by the Chair and approved by the Board. In addition, each of the municipalities in the region will be invited to appoint a representative to the Committee.
- Members are appointed for 1-year terms, renewable for the duration of the Committee.

Meetings

- Meetings held at the call of the Chair.
- To be held at least quarterly.

Accountabilities

- Strategy Develop strategy for GBA coastal protection projects and other coastal protection matters, recommend policy positions and provide written reports for board consideration.
- Identify and draft for board approval key messages to be presented to stakeholders.
- Liaison Each member to liaise with member associations, the relevant coastal municipalities and other stakeholders in the areas that they will represent.

- Feedback Each member to provide feedback on recommendations, issues and concerns raised through the liaison process.
- Responses Committee to provide direct responses to recommendations, issues and concerns raised through the liaison process, or refer such matters to the board, as appropriate.

Authorities

- The Committee Chair reports to the Board on behalf of the Committee. A
 report on the Committee's activities during the past month should be
 provided at each Board meeting.
- Proposals or matters that require a decision of the Board should be referred to the next Board meeting.
- Issues of strategy and GBA policy must be referred to the full Board for a decision.

Record Keeping and Reporting

- The Committee will report to the Board on its activities at each Board meeting.
- Minutes will be taken of all Committee meetings and distributed to the Committee members for review within 1 week of meetings.
- All relevant documentation and external correspondence of the Committee will be added to the centralized document database when finalized.

^{*} Georgian Bay Archipelago shall mean the archipelago of islands that extends from the south end of the east coast of Georgian Bay across the north coast and into the east end of the North Channel – Bay of Islands.

Proposal to Town of North East Manitoulin and Islands (NEMI)

Topic: Municipal Official Plans & Comprehensive Zoning By-laws Comparison

Background

Following discussions in 2019 on how the coastal Georgian Bay communities on the east coast might address their shared objective of protecting the natural landscape and environment along the coast, the Georgian Bay Association (GBA) decided that it would be beneficial to develop certain "Coastal Protection" projects that involve collaboration with municipalities. One of these concerns comparing Municipal Strategic Plans, Official Plans and Comprehensive Zoning Bylaws.

The coastal municipalities are:

Town of North East Manitoulin and Islands (NEMI)
Municipality of Killarney
Township of the Archipelago
Township of Carling
Township of Georgian Bay

Purpose

The purpose of this initiative is to establish base data on the current status and main features of each municipality's Strategic Plan, Official Plan (OP) and Comprehensive Zoning By-laws (CZB), compare them and then share information on the results with the partners in the project. The focus will be on the OP policies, and CZB regulations that apply to the coastal area of the municipalities. We expect that this exercise will surface both commonalities and key differences in the planning policies and regulations, which can be analyzed to identify core principles, and how the policies and regulations might be made more consistent, if appropriate for various municipalities. After the findings are shared, the partners could discuss potential sound or best practice approaches.

The goal will be to focus on the more significant planning issues rather than drilling down into the fine details, in particular developing data on planning and land use policies and regulations to improve preservation and protection of the east and north coasts of Georgian Bay.

This will primarily be a research project aimed at gathering knowledge and then sharing key insights and important information. Key to the project's success will be establishing and maintaining good communications among the partners in the project, including GBA and participating municipalities.

Benefits

The key benefits to the project partners and residents will be:

- ➤ Identify the main commonalities and differences in the content of OPs and CZBs, for the information and consideration of municipal planning departments and Councils.
- Develop a basis for discussion of potential ways to develop more consistent planning and land use policies and regulations throughout the coast, including identifying and sharing information on sound procedures and best practices.
- > Serve as a platform for potential future discussion and information sharing among municipalities.
- > Develop communications material for residents and GBA members to better inform them on the policies and regulatory requirements in their municipalities.

The partners may think of more benefits or uses for the results as the project unfolds.

Action Steps

GBA suggests that the project commence with a review of the official plans, followed by a review of the key zoning by-law regulations. At this point we suggest that the main steps would be:

- 1. Assemble copies of the current Strategic Plan (if any) OPs and CZBs.
- 2. Develop a list of significant planning policies and regulations that should be compared.
- 3. Put together a comparison chart that clearly identifies commonalities and differences.
- 4. Determine which differences are significant and which are less important from a planning and coastal protection standpoint.
- 5. Carry out further research on the significant differences to determine how the policies and regulations might be made more consistent, and to identify potential best practices.
- 6. Communicate the findings to all municipalities.

The goal could be to complete these steps by the end of 2021, but the timeline should be adjusted as appropriate as the project proceeds, or if requested by municipalities, particularly given the current impact of COVID-19 on the availability of municipal staff.

Requested Assistance from Municipalities

- Provide a staff resource to work with GBA and other municipalities to pursue the above action points, including participating in discussions on items 4 and 5.
- ➤ GBA would welcome receiving input and ideas from Municipal Councils and planning departments to help guide this project as it proceeds.
- We also request that each municipality consider appointing a representative to the GBA Coastal Protection Committee. The mandate of the Committee is attached. We will follow up to provide details of what is involved.

Costs

GBA has established that funding is available for most of the costs of employing an intern to carry out the majority of the initial work required for this project. Therefore, it is anticipated that **only some minor staff time will be required from municipalities** at this time. We will review requirements as this project proceeds.

THE CORPORATION OF THE TOWN OF NORTHEASTERN MANITOULIN AND THE ISLANDS

BY-LAW NO. 2021-15

Being a by-law of the Corporation of the Town of Northeastern Manitoulin and the Islands to adopt the minutes of Council for the term commencing December 4, 2018 and authorizing the taking of any action authorized therein and thereby.

WHEREAS the Municipal Act, S.O. 2001, c. 25. s. 5 (3) requires a Municipal Council to exercise its powers by by-law, except where otherwise provided;

AND WHEREAS in many cases, action which is taken or authorized to be taken by a Council or a Committee of Council does not lend itself to an individual by-law;

NOW THEREFORE THE COUNCIL OF THE CORPORATION OF THE TOWN OF NORTHEASTERN MANITOULIN AND THE ISLANDS ENACTS AS FOLLOWS:

1. THAT the minutes of the meetings of the Council of the Corporation of the Town of Northeastern Manitoulin and the Islands for the term commencing December 4th, 2018 and held on:

March 2, 2021

are hereby adopted.

- 2. THAT the taking of any action authorized in or by the minutes mentioned in Section 1 hereof and the exercise of any powers by the Council or Committees by the said minutes are hereby ratified, authorized and confirmed.
- 3. THAT, where no individual by-law has been or is passed with respect to the taking of any action authorized in or by the minutes mentioned in Section 1 hereof or with respect to the exercise of any powers by the Council or Committees in the above-mentioned minutes, then this by-law shall be deemed for all purposes to be the by-law required for approving and authorizing the taking of any action authorized therein or thereby or required for the exercise of any power therein by the Council or Committees.
- 4. THAT the Mayor and proper Officers of the Corporation of the Town of Northeastern Manitoulin and the Islands are hereby authorized and directed to do all things necessary to give effect to the recommendations, motions, resolutions, reports, action and other decisions of the Council or Committees as evidenced by the above-mentioned minutes in Section 1 and the Mayor and Clerk are hereby authorized and directed to execute all necessary documents in the name of the Corporation of the Town of Northeastern Manitoulin and the Islands and to affix the seal of the Corporation thereto.
